NEW LINE FOR CPP E CPE FILM

The brand new Polycast EVO from Colines is ready to hit the CPP and CPE market. The line represents the best combination for satisfying the latest market's requests and guaranteeing customers the best price/performance ratio.

This new cast line has a very compact layout, available in a configuration starting from four extruders and five layers. The Polycast EVO lines boast primary level equipment thanks to the most prestigious suppliers and can be optionally equipped with our patented MDO IR1 (single stage) or MDO IR2 (double stage), which ensure the production of MOPP and MOPE film.

The project Piattaforma India has been promoted by UCIMU – Association of Italian Machine Tools Manufacturers and AMAPLAST – Italian Plastics and Rubber Processing Machinery and Moulds Manufacturers Association. The two associations agreed on the idea that promoting a network of associations and entrepreneurs who have developed knowledge and experience on the Indian market, can be useful in favoring of new paths of development for business. The Indian companies who are interested to form JV, cooperation, technical tie up, purchase machinery etc from/with Italian companies can contact below mentioned address for any assistance:
