LOSMA WIDE RANGE OF SOLUTION FOR EVERY COOLANT FILTRATION NEED

Losma designs and manufactures air and coolant filtration systems that not only improve the shop-floor environment but also reduce cutting fluid costs. From small, single-machine filters to plant-wide filtration systems, LOSMA offers a broad range of standard and customized filtration technologies.

Machine Tool Coolant Filtration. Filter, recover and save with LOSMA coolant filtration systems. LOSMA offers filter cloth, drum and gravity filters that can remove metallic and non-metallic particles as fine as one micron. Capacities range from just a few liters per minute for single-machine installations to hundreds of liters per minute for plant-wide systems.

One of most innovative LOSMA's coolant filtration solution is **Master Series**, LOSMA's hydrostatic coolant filtration system. Master series is composed by three different sizes: Mini-Master, Medio-Master and Master, whose distinctive marks are defined by high performances and the greatly reduced

size, compared to other products with the same capacity, a very important features in the design of centralized systems (Master's overall dimensions are significantly smaller and can achieve greater levels of filtration).

Master is a range of high efficiency gravity filters using non-woven fabric as filtering media. This series' filter uses consumable filtering media, which allows to change the filtration degree simply by changing the fabric type, always maintaining good results.

The project Piattaforma India has been promoted by UCIMU – Association of Italian Machine Tools Manufacturers and AMAPLAST – Italian Plastics and Rubber Processing Machinery and Moulds Manufacturers Association. The two associations agreed on the idea that promoting a network of associations and entrepreneurs who have developed knowledge and experience on the Indian market, can be useful in favoring of new paths of development for business. The Indian companies who are interested to form JV, cooperation, technical tie up, purchase machinery etc from/with Italian companies can contact below mentioned address for any assistance:
