OMERA TRIMMING BEADING MACHINE MOD. R1200TS

OMERA mod. R1200TS

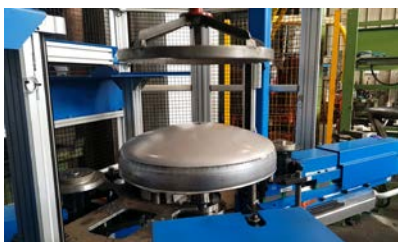

- The **Trimming Beading Machine R1200TS** is equipped with brushless motorized work units suitable for trimming, beading, curling and turning of domes.
- The brushless motor moves the units in both working directions resulting in improved operation accuracy and high machining flexibility.
- The programmable work parameters with a large library of recipes allow quick setting of the tools with consequent reduced machine downtime for production changes.
- Compared to hydraulic and pneumatic units, brushless motorized work units guarantee shorter maintenance times and significant energy savings.

R1200TS – OMERIA INDUSTRY 4.0 EVOLUTION SYSTEM

- The system is interconnected in the network to other possible new OMERIA machines arranged in line.
- The PLC provides services in reading/writing mode to enable the factory-based IT / logistics systems to interact with the trimming-beading machine.
- Through the PC-Client it will be possible to display, modify, save in libraries and remotely recall the operating set-ups and the trimming - beading machine production data.
- Through the OMERIA Teleservice, remote diagnostics is possible with consequent reduction of the maintenance downtime.
- By means of appropriate sensors, the system is able to monitor the trimming-beading machine working conditions and the trend of critical process parameters.

The OMERIA software allows the management of the related alarm signals.

The project Piattaforma India has been promoted by UCIMU – Association of Italian Machine Tools Manufacturers and AMAPLAST – Italian Plastics and Rubber Processing Machinery and Moulds Manufacturers Association. The two associations agreed on the idea that promoting a network of associations and entrepreneurs who have developed knowledge and experience on the Indian market, can be useful in favoring of new paths of development for business. The Indian companies who are interested to form JV, cooperation, technical tie up, purchase machinery etc from/with Italian companies can contact below mentioned address for any assistance:
