## **TURNKEY PROJECT TO BUILD A CLEAN ROOM AT RENOWNED CONSUMER APPLIANCES MANUFACTURER IN MUMBAI BY LOSMA**

Losma India Pvt. Ltd. has bagged a prestigious Turnkey project from a renowned consumer appliances manufacturer based in Mumbai (India) to build a Clean Room within their facility.

The Clean Room built to adhere to Class ISO 6 of ISO 14644-1 standards, will be spread across 5200 sq. ft., and will be utilized for the assembly of LED screens used in Televisions and Desktop PCs produced for domestic and export markets.

The project is slated to be completed within a tight deadline of 80 days.

Cleanrooms are facilities designed to maintain extremely low levels of particulates, such as dust, airborne organisms, or vaporised particles. Cleanrooms typically have a cleanliness level quantified by the number of particles per cubic meter at a predetermined molecule measure.

Previously in 2017, Losma India built a similar Class ISO 6 clean room for the same customer, which was utilized for assembly of semi-conductor products.

The project Piattaforma India has been promoted by UCIMU – Association of Italian Machine Tools Manufacturers and AMAPLAST – Italian Plastics and Rubber Processing Machinery and Moulds Manufacturers Association. The two associations agreed on the idea that promoting a network of associations and entrepreneurs who have developed knowledge and experience on the Indian market, can be useful in favoring of new paths of development for business. The Indian companies who are interested to form JV, cooperation, technical tie up, purchase machinery etc from/with Italian companies can contact below mentioned address for any assistance:
